Well you only need the light when it's burning low
Only miss the sun when it starts to snow
only know you love her when you let her go
only know you've been high when you're feeling low
only hate the road when you're missin' home
only know you love her when you let her go
And you let her go

Mim-Do-Re-Sim

Staring at the bottom of your glass

Hoping one day you will make a dream last

Maybe one day you will understand why
